La Cividina.  
The Evolution of  
Made in Italy

La Cividina continues its development in the furnishings world, with new proposals it created with young and major designers. Antonio Rodriguez, Sebastian Herkner, Antonino Sciortino, and Form Us With Love contribute their creativity and research to enrich a collection that keeps getting broader and more transversal, deeply rooted in simplicity, beauty and quality and with recognizable values. La Cividina is also adding a new area of exploration: Field of Details, an exclusive collection of pillows and rugs created with Constance Guisset, LucidiPeverè and Danskina / Hella Jongerius, for ambiances that are increasingly complete, welcoming and attractive.

**La Cividina continua il proprio percorso nel mondo dell'arredo, con le nuove proposte create insieme a giovani personalità e importanti protagonisti del design. Antonio Rodriguez, Sebastian Herkner, Antonino Sciortino, Form Us With Love, contribuiscono con la loro creatività e la loro ricerca ad arricchire una collezione sempre più ampia e trasversale, nella quale la semplicità, la bellezza e la qualità sono valori profondi e riconoscibili. A questo si aggiunge un nuovo campo di esplorazione per La Cividina: Field of Details, l'esclusiva collezione di cuscini e tappeti creata con Constance Guisset, LucidiPeverè e Danskina / Hella Jongerius, per dare vita ad ambienti sempre più completi, accoglienti e affascinanti.**

Un nuovo progetto nel quale divani indipendenti o modulari, poltrone e pouff permettono di creare soluzioni sempre diverse, risolvendo le esigenze d'arredo di molteplici ambienti: da un living room, a una sala d'attesa, a un hotel raffinato, alla grande hall di un aeroporto. Sono 22 gli elementi di differenti forme e dimensioni che possono comporre infiniti paesaggi domestici o collettivi, caratterizzati da linee essenziali e forme morbide e piene.

A new design in which independent or modular sofas, armchairs and poufs can create a wide variety of solutions, for many furnishing needs in many environments like living rooms, waiting rooms, refined hotels, or airport halls. Twenty-two elements in diverse shapes and sizes can be combined to create countless domestic or collective landscapes, characterised by essential lines and soft and full shapes.

Un nouveau projet où les canapés indépendants ou modulaires, les fauteuils et les poufs, permettent de créer une multitude de solutions, en résolvant les exigences d'aménagement d'espaces divers comme un living room, une salle d'attente, un hôtel raffiné ou le grand hall d'un aéroport. Vingt-deux éléments de formes et de dimensions différentes permettent de composer une infinité d'environnements domestiques ou collectifs, caractérisés par des lignes essentielles et par des formes souples et pleines.

Ein neues Projekt, in dem freistehende oder modulare Sofas, Sessel und Sitzkissen unterschiedliche Einrichtungsmöglichkeiten und eine Antwort auf die Einrichtungsbedürfnisse verschiedener Räumlichkeiten bieten: von einem Living Room bis zu einem Wartesaal, von einem raffinierten Hotel bis zu der großen Hall eines Flughafens. Es handelt sich um 22 Elemente mit verschiedenen Formen und Maßen mit denen man unendliche häusliche oder kollektive Räumlichkeiten einrichten kann, alle mit klaren Linien und weichen, vollen Formen.

Fra arte e design, la collezione Accursio introduce un inedito linguaggio creativo nello spazio domestico o contract, permettendo ambientazioni, utilizzi e abbinamenti praticamente infiniti. La base a croce in tubolari d'acciaio, di realizzazione artigianale, è l'inconfondibile elemento caratterizzante di questi tavolini, proposti con piani rotondi, quadrati o rettangolari, con altezze e dimensioni diverse, anche generose ed in una molteplicità di colori.

A cross between art and design, the Accursio collection introduces a new creative language in the home or for contract use, to create myriad settings, uses and pairings. The instantly recognisable handcrafted cross-shaped tubular steel base characterises these occasional tables, which are available with round, square or rectangular tops, and with different heights and dimensions – even extra-large – and in a broad colour palette.

Entre art et design, la collection Accursio introduit un langage inédit et créatif à la maison ou au bureau, en permettant une infinité d'aménagements, d'utilisations et d'associations. La base en croix en tube d'acier réalisée artisanalement est l'élément particulier qui caractérise ces petites tables, proposées avec un plateau rond, carré ou rectangulaire, avec des hauteurs et des dimensions différentes, même généreuses, et en une multitude de couleurs.

Zwischen Kunst und Design stellt die Kollektion Accursio eine neue, kreative Art der Formensprache sowohl in häuslichen Räumlichkeiten als auch in Objekteinrichtungsbereichen dar. Es bietet die Gelegenheit, fast unendliche Einrichtungsmöglichkeiten, Anwendungen und Kombinationen zu kreieren. Der zentrale, röhrenförmige Stahlfuß mit Fußkreuz, der handwerklich gefertigt wird, stellt das kennzeichnende Element dieser kleinen Tische dar. Die Tischplatten können rund, viereckig oder rechteckig mit unterschiedlichen Höhen und Maßen sein, die auch sehr großzügig sein können, und stehen in einer reichhaltigen Farbpalette zur Verfügung.
