IT Bernard è una collezione completa e versatile, adatta agli ambienti residenziali e del contract. Il nucleo originario è costituito dalla sofisticata poltroncina, che si distingue per la doppia direzione della seduta, ottenuta grazie alla progettazione di moduli identici per schienale e bracciolo, che possono liberamente variare la loro funzione. Accanto alla poltroncina: il divano da due e tre posti, il pouf, la lounge chair e due tavolini caratterizzati dalla stessa struttura leggera in metallo della seduta. Grazie alla pluralità di elementi disponibili, Bernard permette di creare composizioni originali e sempre confortevoli.

EN

Bernard is a complete and versatile collection, suitable in both residential and contract. The original core is represented by a sophisticated small armchair, which stands out for the double seat direction, obtained thanks to the design of identical modules for the backrest and armrest, which can freely vary their function. Beside the small armchair: the two and three seater sofa, ottomans, lounge chair and two tables characterized by the same lightweight metal seat structure. Thanks to the plurality of available elements, Bernard allows to create original and always comfortable compositions.

FR

Bernard est une collection complète et polyvalente, adaptée à la fois pour les aménagements résidentiels et collectifs. La base du système se compose d'une assise d'angle deux directions encadrée par deux dossiers identiques qui servent également d'accoudoirs en fonction de la posture d'assise sur le siège. En complément de ce siège: on trouve des canapés deux et trois places, une dormeuse, un pouf, un fauteuil et deux tables basses qui se caractérisent tous par le même piétement en une fine structure métallique. Grâce à la diversité des éléments disponibles, Bernard vous permet de créer des compositions simples ou modulaires à la fois originales et confortables.

DE

Bernard ist eine vollständige und vielseitige Kollektion, die sich für den Wohn- und Objektbereich eignet. Der ursprüngliche Kern besteht aus dem raffinierten Sessel, der sich durch die zweifache Richtung des Sitzes auszeichnet. Die Rücken- und Armlehne sind identische Module deren Funktion und Position frei variiert werden kann. Zusätzlich zum Sessel: das Zwei- und Dreisitzer-Sofa, der Hocker, der Loungesessel und zwei Tische, die sich durch die gleiche Leichtmetallstruktur wie der Sitz auszeichnen. Dank der Vielzahl der verfügbaren Elemente können Sie mit Bernard originelle und stets komfortable Kompositionen erstellen.

IT Ispirato alle omonime cuccette del treno, Couchette è l'innovativo sistema modulare di imbottiti che sintetizza l'idea di una catena di ambienti uniti e isolati tra loro. I 38 elementi della collezione permettono grande libertà compositiva, fino a creare confortevoli stanze di diverse dimensioni. Pannelli imbottiti rimovibili possono essere posizionati in qualsiasi punto della seduta senza perdita di spazio, mentre gli accessori, come tavolini, connessioni elettriche-USB e ganci appendiabito, trasformano Couchette in spazi di lavoro temporanei estremamente silenziosi.

EN Inspired by the homonymous train bunks, Couchette is the innovative modular system in upholstered furniture that summarizes the idea of a chain of united and isolated environments. The 38 elements allow great composition freedom, up to create comfortable rooms in different sizes. Removable padded panels can be positioned anywhere in the seat without loss of space, while accessories, such as tables, USB-electrical connections and coat hooks, turn Couchette into extremely quiet temporary workspaces.

FR Inspiré des banquettes de trains, Couchette est un système modulaire innovant composé d'éléments rembourrés qui s'assemblent pour donner l'idée d'une chaîne dans l'espace. Les 38 éléments de la collection permettent de grandes libertés dans les aménagements, permettant ainsi de créer des espaces de différentes tailles et différentes formes. Des panneaux de séparations rembourrés amovibles peuvent être positionnés pour structurer les compositions sans pertes d'espaces, tandis que les accessoires, tels que tablettes, connexions électriques, patères, transforment les banquettes Couchette en espaces de travail temporaires à la fois confortables et silencieux.

DE Couchette wurde von den gleichnamigen Zugkojen inspiriert. Es handelt sich um ein innovatives modulares System von Polstermöbeln, das unendlich erweitert und nach Belieben abgetrennt werden kann. Die 38 Elemente der Kollektion ermöglichen eine große Kompositionsfreiheit und schaffen komfortable Räume unterschiedlicher Größe. Abnehmbare gepolsterte Paneele können überall im Sitz ohne Platzverlust positioniert werden, während Zubehör wie Tische, USB-elektrische Anschlüsse und Kleiderhaken Couchette in extrem leise temporäre Arbeitsbereiche verwandeln.
