Istruzioni di Mantenimento e Pulizia – Divano in Tessuto / Pelle

1. Premessa

Le seguenti istruzioni sono fornite in conformità al **Codice del Consumo (D.lgs. 6 settembre 2005, n. 206)**, con particolare riferimento agli articoli relativi alla **sicurezza dei prodotti**, alla **corretta informazione al consumatore** e alla **durabilità del bene**.

L'osservanza di queste indicazioni è condizione essenziale per mantenere inalterate le caratteristiche estetiche e funzionali del divano e per la validità della garanzia.

2. Uso e manutenzione generale

- Posizionare il divano lontano da **fonti di calore dirette** (radiatori, stufe, caminetti) e da **luce solare intensa**, che possono alterare colore e consistenza dei rivestimenti.
- Evitare l'esposizione prolungata ad **umidità elevata** o ad ambienti poco ventilati.
- Non utilizzare solventi, alcol, ammoniaca, acetone o detergenti abrasivi.
- Pulire periodicamente il divano per rimuovere polvere e residui, evitando che si depositino e danneggino i materiali.
- Evitare di sedersi sui braccioli o di caricare in modo eccessivo parti non strutturali.

3. Pulizia del rivestimento in tessuto

Pulizia ordinaria:

- Aspirare settimanalmente la superficie con un accessorio morbido per eliminare la polvere.
- In alternativa, spolverare delicatamente con una spazzola a setole morbide.

Pulizia straordinaria:

- Verificare sempre l'etichetta del tessuto o la scheda tecnica del produttore per conoscere la composizione e le modalità di lavaggio.
- In caso di macchie, tamponare immediatamente con un panno pulito e assorbente, senza strofinare.
- Utilizzare esclusivamente **detergenti neutri e specifici per tessuti d'arredamento**, testandoli prima su una parte nascosta.
- Evitare l'uso eccessivo di acqua: l'umidità può deformare l'imbottitura o alterare i colori.

4. Pulizia del rivestimento in pelle

Pulizia ordinaria:

- Spolverare la superficie con un panno morbido e asciutto o leggermente inumidito con acqua distillata.
- Utilizzare periodicamente un **latte detergente neutro o un prodotto specifico per pelli naturali**, seguendo le istruzioni del produttore.

Cura periodica:

- Applicare ogni 3–6 mesi un **trattamento nutriente** per mantenere la pelle morbida e prevenire screpolature.

Attenzioni particolari:

- Evitare il contatto con inchiostri, cosmetici, profumi, solventi o sudore prolungato.
- Non utilizzare detergenti per scarpe, cere o spray lucidanti non destinati all'arredamento.

5. Struttura e imbottitura

- Controllare periodicamente che i **piedini e gli elementi strutturali** siano ben fissati.
- Ridistribuire l'imbottitura (soprattutto nei cuscini in piuma o misto piuma) per mantenere la forma originaria.
- Ruotare e alternare i cuscini periodicamente per garantire un'usura uniforme.

6. Garanzia e conformità

Il rispetto delle presenti istruzioni contribuisce a mantenere il prodotto in condizioni conformi al contratto di vendita ai sensi degli **articoli 128–135 del Codice del Consumo** (Garanzia legale di conformità).

Eventuali danni derivanti da un uso o una pulizia non conformi non sono coperti dalla garanzia.

Maintenance and Cleaning Instructions – Fabric / Leather Sofa

1. Introduction

The following instructions are provided in accordance with the **Italian Consumer Code (Legislative Decree No. 206 of September 6, 2005)**, particularly with reference to product **safety**, **consumer information**, and **product durability**. Compliance with these guidelines is essential to preserve the sofa's functional and aesthetic characteristics and to maintain warranty validity.

2. General Care and Use

- Keep the sofa **away from direct heat sources** (radiators, stoves, fireplaces) and **intense sunlight**, which can cause fading or material deterioration.
- Avoid prolonged exposure to **high humidity** or poorly ventilated areas.
- Do **not** use solvents, alcohol, ammonia, acetone, or abrasive cleaning products.
- Clean the sofa regularly to remove dust and debris that could damage the surface over time.
- Do not sit or lean heavily on armrests or non-structural parts.

3. Fabric Upholstery Cleaning

Regular cleaning:

- Vacuum the fabric weekly using a soft brush attachment to remove dust.
- Alternatively, gently brush with a soft-bristled upholstery brush.

Deep cleaning:

- Always check the care label or fabric technical sheet for composition and cleaning instructions.
- In case of spills, blot immediately with a clean, absorbent cloth—**do not rub**.
- Use only **neutral, fabric-specific cleaning solutions**, and always test them on an inconspicuous area first.
- Avoid excessive moisture, as it may deform padding or alter colors.

4. Leather Upholstery Cleaning

Regular cleaning:

- Wipe with a soft, dry cloth or one slightly dampened with distilled water.
- Periodically clean with a **neutral leather cleaner or mild cleansing milk**, following the manufacturer's recommendations.

Periodic care:

- Every 3–6 months, apply a **leather conditioner or nourishing cream** to keep the leather soft and prevent cracking.

Precautions:

- Avoid contact with ink, cosmetics, perfumes, solvents, and prolonged skin perspiration.
- Do not use shoe creams, waxes, or polishes not specifically formulated for furniture leather.

5. Structure and Padding

- Check regularly that all **legs and structural elements** are securely fastened.
- Fluff and reshape cushions (especially those filled with feathers or feather mixes) to maintain their original form.
- Rotate and interchange seat and back cushions periodically to ensure even wear.

6. Warranty and Compliance

Proper maintenance in accordance with these instructions helps keep the product in conformity
